Successfully Won This Year's Largest Single Batch Bid in China Sports
Lottery terminal market, Maintaining the Company's Industry Leading
Position

China LotSynergy Holdings Limited (the "Company") is pleased to announce that Guangzhou Lottnal Terminal Company Limited ("Lottnal"), a subsidiary of the Company, has recently won a bid for Guangdong Sports Lottery Centre's "Sports Lottery CTG Sales Terminal Project", becoming the first supplier to be selected for this project. This is the largest single batch bid in China Sports CTG lottery terminal market by volume so far this year. The Company's CTG terminal business has successfully expanded to cover 14 provinces and regions across China.

This project adopted a batch bidding process, with a total procurement of 10,000 terminals, of which Lottnal won the largest batch of 4,000 terminals. To date, the Company holds an approximately 30% market share of this year's total Sports Lottery terminal procurement volume, and ranks first in terms of the total number of Sports Lottery terminals supplied.

Guangdong Sports Lottery's sales have recorded new highs for seven consecutive years. In 2014, Guangdong Sports Lottery sales reached RMB

10 August 2015

16.12 billion, accounting for 9.1% of total nationwide Sports Lottery sales, growing at 36.7% year-on-year and advancing from third place to rank second nationwide by sales. From January to June 2015, Guangdong Sports Lottery recorded sales of RMB 7.2 billion.

The winning of this bid marks the successful expansion of the Company's Sports Lottery terminal business into a major Provincial Sports Lottery market in the nation, further securing the Company's industry position. In the future, the Company will leverage its geographical advantages in the Guangdong lottery market to better serve the Sports Lottery market and maintain its industry leading position.
